Made In India, Distributed Globally.

Biogenix as an establishment was possible with excellence and marketing experience of more than 25 years of the IVD Industry. Biogenix was incorporated with a dream of being the first IVD manufacturer of the state and to generate employment for the home-state workers. We have backed a large number of medical facilities throughout the globe with the best quality Diagnostics Kits & Laboratory equipment. Our inception dates back to 2007, and all this time of our business activities have been highly appreciated throughout the globe as a large number of our pathologists and doctors have been highly satisfied with the usage of our products. We are an eminent Manufacturer and Exporter of the best quality Immunoassay Products. Including kits for Diagnostic and Research ELISA, Rapid & Urine, Clinical & Special Chemistry, Serology, Molecular, CLIA, POCT, Veterinary and Instruments.
